WILL BE RETURNED ALIVE IS STATEMENT OF POLICE OFFICER

Terse Utterance Pierces Long Silence Surrounding Abduction of George Weyerhaeuser—No Explanation or Basis Given for Remark—Arrival of Boxes Causes Speculation

TACOMA, May 30 (AP).—The terse statement of a prominent Washington state officer tonight that kidnapped George Weyerhaeuser "will be returned alive" suddenly pierced almost impenetrable silence surrounding the boy's abduction.

The statement was made in Olympia by William Cole, head of the Washington State Patrol, on his return from Tacoma, where parents of the nine-year-old boy awaited contact with kidnappers demanding \$200,000 for his release.

Cole's remarks, which he did not augment, were the first to come from an officer who has permitted use of his name in the case, all movements in which have been shrouded in secrecy.

NO EXPLANATION

The officer would not explain the basis of his remarks, which came on the heels of rumors that silent Federal agents were seeking a "key" man in the snatch gang.

An incident involving some cardboard boxes and renewed activity about the home of Mr. and Mrs. J. P. Weyerhaeuser, Jr., meanwhile, added new unexplained moves at the house.

Three cardboard boxes, about a foot square and two inches deep, were hustled into the house from an automobile which entered the driveway about 6:30 o'clock. An unidentified man made the delivery.

A few minutes later the big automobile that belonged to the late J. P. Weyerhaeuser, Sr., drove away with several persons in the rear seat who could not be identified because of drawn curtains. The regular chauffeur was at the wheel.

Nothing could be learned concerning either the boxes or the car that left, or if they had any bearing on plans to free young George Weyerhaeuser from his captors.

SHERIFF COMES HOME

Search for Sheriff L. C. Hunter, of adjacent Thurston County, was stopped as the officer returned to Olympia tonight from a trip that began at 4 a.m., when he received a telephone call.

VICE CRUSADER UNDER ARREST

Texas Minister Is Charged With Murder of Chief of Police

DE RIDDER, La., May 30 (AP).—A minister who can write his name with a "six-shooter" wears a tangle hair and looks like a Texas Ranger, flashed defiance through steel blue eyes tonight in his jail cell. An branded "enemies" those who accuse him of killing a Texas officer.

Rising to his full height of six feet two inches, Rev. Edgar Eskridge, forty, announced he would wage the most bitter battle of his turbulent career to prevent being released to Orange, Tex., authorities for the slaying there of Police Chief Ed J. O'Reilly.

"However, I'll go back willingly with Texas Rangers," said the dark-haired pastor of the Baptist Church at Orange.

SEEKS EXTRADITION

Governor James V. Allred, of Texas, issued a requisition to Governor O. K. Allen, of Louisiana, for extradition of Mr. Eskridge.

A vice crusader and bitter critic of law enforcement in Orange County, Texas, he declined to discuss accusations that he killed O'Reilly because the officer arrested him on a charge of impersonating a Texas Ranger during a raid Sunday on a night club.

O'Reilly, who was baptised into the church by Eskridge, was slain on a street corner in Orange with a shot fired from a motor car.

MAKING RECORD AVERAGE SPEED

Normandie Pushing Westward at 29.5 Knots on 11th Day of Voyage to New York

ABOARD SS. NORMANDIE, AT SEA, May 30 (AP).—The Normandie sped westward at a new high average speed of 29.5 knots tonight, racing for New York in an attempt to win the blue ribbon, emblematic of the swiftest Atlantic crossing.

The great French liner, on her maiden voyage, passed Bishop's Rock, from which she started on her record attempt, at 11:48 a.m. The 79,000-ton ship had averaged 28.5 knots on the first stage of her voyage from Le Havre to Southampton.

Liner Nearing Completion

While the French superliner Normandie is now crossing the Atlantic on her maiden voyage in quest of a new speed record, the giant British liner Queen Mary is rapidly nearing completion at Clydebank, Scotland.

Japanese Serve Warning by Show Of Armed Force

Fire Blank Artillery Shots Before City Residence of Chinese Commander of Tientsin Garrison—Inclusion of Peiping and Tientsin in Demilitarized Zone Among Demands

TIENTSIN, May 31 (CP-Havas).—The roar of Japanese artillery fire—using blank shot—startled this north Chinese city early today when Japanese troops served warning on Chinese authorities over their refusal to oust a magistrate known to hold anti-Japanese sentiments.

Two hundred Japanese soldiers, equipped with armored cars and a trench mortar, marched through the streets, halted in front of the residence of General Yu Hsueh Chung, commander of the Chinese garrison in the Tientsin area, and fired six blank shots.

SPREAD CONSTERNATION

This demonstration spread consternation among the Chinese and injected a graver note in the current tension between the two countries following direct operations against the Japanese in the North China demilitarized zone, and assassination of two Chinese editors holding pro-Japanese sentiments in the Japanese concession here a few weeks ago.

The killing was followed by a protest on Thursday to Chinese authorities from the Japanese military heads in Tientsin.

According to well-informed Chinese quarters the Japanese general staff in Manchukuo has presented to the North China authorities three demands, direct repercussions against the Japanese in the North China demilitarized zone, and assassination of two Chinese editors holding pro-Japanese sentiments in the Japanese concession here a few weeks ago.

The demands were: 1. Withdrawal of Japanese troops from the North China demilitarized zone. 2. Release of the two Chinese editors. 3. Compensation for the assassination.

Publish Report of Secret Alliance of Japan and Germany

LONDON, May 31 (AP).—The Daily Express, under a Washington, D.C., deadline, asserted today it had been learned a secret military alliance between Japan and Germany has been concluded.

The newspaper said under the alliance "German army officers are to go to Japan to 'coordinate' action and Japanese officers are likely to go to Germany."

AIR LOCARNO IS PROPOSED

Germany Submits Draft Plan To Guarantee Western Europe's Frontiers

LONDON, May 30 (AP).—Adolf Hitler today offered Europe his draft of an "air Locarno"—first specific German proposal for peace bulwarks on the Continent.

Copies of the draft were sent simultaneously to Great Britain, France, Italy and Belgium, the four Governments which with Germany signed the original Locarno convention designed to guarantee Western Europe's frontiers.

Tonight the Foreign Office was giving the German plan, details of which were kept secret, close study, but authoritative sources said Great Britain's answer would ask that Germany, simultaneously with signature of the air convention:

1. Join some general armaments and security agreement, and
2. Return to the League of Nations.

SECURITY PROGRAMME

Those, with the air pact proposal, were the principal points involved in the Anglo-French security programme drafted at London early in February, which also contemplated relaxing the Versailles Treaty's military restrictions on Germany—something the Reich has since done on her own initiative.

This Government, it was stated, has no intention of loosening the Anglo-Italian-French common front evoked at Stresa, and subsequently, by co-operating with Germany in bringing about separate consideration of an air convention by itself.

TO TELL OF PROGRESS

Sir John Simon, Foreign Secretary, will speak before the House of Commons tomorrow on the progress of security negotiations. He is expected to announce the next step.

Great Britain, France and Italy began drawing up their own air pact suggestions immediately after the conference at Stresa, but none has been submitted to Germany.

CITY BUILDING FIGURES GAIN

Average Home Cost Rises From \$2,000 to \$3,300—Permits Up \$71,586

Building activity in Victoria is steadily gaining, according to figures for the first four months of the year made public yesterday by K. Kennedy, city building inspector.

Construction work undertaken during the first four months of this year amounts to \$180,017, as compared with \$118,431 for the same period last year. This is a gain of \$71,586.

For the month of May, permits to the value of \$48,230 were taken out, compared with \$33,710 in May of 1934.

ENCOURAGING SIGN

One of the most encouraging signs, however, was contained in the figures respecting homes. Thirteen new homes have been constructed this year, which is the same number as last year.

However, the total value of the houses built this year is \$42,700, as compared with only \$24,750 for the same period of 1934.

This means that the average cost of homes has risen since 1934 from approximately \$2,000 to \$3,300. It means that more substantial residences are now being built in the city at conditions swing back to normal.

Flandin Government Quits Office When Demand for Sweeping Powers to Save Franc Is Rejected by Chamber of Deputies—Fernand Bouisson Attempting to Form Ministry

Steps Taken in Attempt to Check Currency Speculation

(Copyright, 1935, by the Havas News Agency)

PARIS, May 31 (CP-Havas).—The Cabinet of Premier Pierre-Etienne Flandin resigned early today after it had met a decisive defeat in the Chamber of Deputies on its demand for sweeping powers to deal with speculation and save the franc. The adverse vote was 353 to 202.

Fernand Bouisson, presiding officer of the Chamber, immediately attempted to form a new Government. M. Bouisson is committed to support of the franc.

Defeat of the Flandin Administration came after the young Premier had risen from a sickbed to make an impassioned plea for support. A wide split in the Radical-Socialist party, bulwark of his Government, resulted in the defeat of the six months' old administration.

PLAN MARCH ON CAPITAL

Relief Camp Workers Vote To Continue Strike and Journey East

VANCOUVER, May 30 (CP).—Relief camp workers congregated here have voted 623 to 270 to continue their strike in protest against existing camp conditions and they were almost unanimous at a mass meeting today in their approval of proposals for a massed march on Ottawa of all relief camp workers in Canada.

The plan is that the men start East on Monday, employing any available mode of transportation. Word would be sent ahead to all relief camps for the inmates to meet the main body and join in the march on the Dominion capital to present their demands there.

DIRECT TO OTTAWA

"I think we have properly laid our case and grievances against the relief camp system before the people in Vancouver and British Columbia and we intend to take our case ourselves direct to the Federal authorities," a spokesman stated.

"At least 1,000 should leave from Vancouver and by the time we reach Ottawa we should number many thousands. We hope, in this way, to get some action out of the Federal authorities towards redress of our grievances against the present relief camp system."

The result of the ballot taken yesterday on the question of continuing the strike was announced at the meeting.

MAYOR STANDS FIRM

Later, a delegation was sent to Mayor G. G. McGeer to ask permission for a tag day on Saturday to raise funds to finance a delegation to Ottawa. They also asked that the city grant them relief for the three days that they will remain in Vancouver. Both requests were refused by the mayor.

TEN MINERS DIE IN JAPANESE EXPLOSION

FUKUSHIMA, Japan, May 30 (AP).—Ten miners were killed and forty others were trapped by a gas explosion today in the Iriye Colliery in Fukushima Prefecture. Despite vigorous efforts, it was feared the trapped men also had perished.

McGeer Is Planning New Drive for Cut in Interest Charges

Meeting of Vancouver's Bondholders to Be Called in June When Refunding Proposal Will Be Offered, Mayor Announces

VANCOUVER, May 30 (CP).—Vancouver's bondholders will be summoned some time in June to another meeting at which they will be asked to accept a refunding plan at lower interest rates, Mayor G. G. McGeer announced today.

The refunding proposal, designed to bring taxpayers relief from a load of \$3,439,000 in annual fixed charges for interest and sinking fund, will be patterned after a plan devised by Vancouver members of the British Columbia Legislature at the last session, the mayor said.

DETAILS NOT COMPLETE

Details have not been completed, he added, but the plan was understood to be that bondholders be asked to

FOUR CHILDREN DIE OF POISON

Destitute Family Eats Toadstools in Mistake for Mushrooms

PINE RIVER, Minn., May 30 (AP).—The fourth child of a J. D. Young family died today from eating poisonous toadstools gathered mistakenly in an expedition to the woods in search for food to sustain them while awaiting a relief cheque.

Verda, six, and Donald, ten, died today, while two brothers, Robert, eight, and Raymond, four, died yesterday. In a hospital expected to die was another sister, Rosella, twelve. In beds nearby, but expected to recover, were two other children of the family, Albert, fourteen, and Leslie.

HAD BEEN DESTITUTE

The Young family, on relief rolls, had been destitute. Four days ago when their last food supply gave out and there was no money forthcoming, the family went to the woods for the first time in search for mushrooms. They found them in plenty because of recent rains and the family had food.

For the ensuing days while awaiting the cheque, the family made other expeditions and again found mushrooms. Thursday some toadstools were gathered accidentally and the father and mother and ten children ate them. All became ill, but the father and mother and older children quickly recovered.

MILL THREATENED BY FOREST FIRE

Blaze Spreading Into Valuable Timber Stand in Alberta—Rains Misses Flaming Area

ROCKY MOUNTAIN HOUSE, Alta., May 30 (CP).—Threatening to destroy one of the best remaining timber stands in the district, a mill and 1,000,000 feet of cut lumber owned by the Atlas Lumber Company, a forest fire was gaining ground tonight, against fire fighting crews in a limit twenty-five miles northwest of here along the Saskatchewan River. Rocky Mountain House is about 100 miles northwest of Calgary.

Fanned by high winds, the flames were spreading in the Diamond timber limit. Every available man in the district has been rushed to battle the blaze, believed to have been started by brush burning operations. Rain fell today in the district, but missed the flame-swept area.

Cabinet Busy at Task of Putting Bill Into Shape

Trying to Implement as Far as Possible Recommendations of Mass Buying Commission While Keeping Legislation Free From Danger of Being Declared Unconstitutional

OTTAWA, May 30 (CP).—Ascension Day was a holiday for members of Parliament, but not for ministers of the Government, who sat in Cabinet Council morning and afternoon, putting finishing touches on final measures arising from the report of the Royal Commission on Mass Buying.

Details of the main bill arising from this legislation have not been revealed and will not be until it is presented to Parliament, probably on Monday next. This refers to the commission's recommendation for the establishment of a Federal commission to regulate business and industry in such a manner as to assure fair competition and equitable treatment of consumers.

FINALLY APPROVED
Prime Minister R. B. Bennett, who has presided over Cabinet council every week-day since his return to work a week ago last Monday, told the House of Commons yesterday it was the intention to place these final price spreads bills

on the order paper tomorrow. It was learned after today's Cabinet session that the measures had been finally approved.

Constitutional obstacles in the way of complete compliance with the commission's report caused the Government great concern and resulted in long and numerous Cabinet sessions almost entirely devoted to these bills. The effort has been made to draft them in such a manner as to implement to the greatest possible degree the recommendations of the commission without running the danger of having the measures declared unconstitutional.

NEXT WEEK'S BILLS

Bills to come next week are understood to involve setting up of the Federal Trade Control Commission, probably a body of five commissioners with wide powers to regulate, amend and amend the Companies Act and amendments to the Combines Investigation Act. Prorogation of Parliament is anticipated within the month of June and possibly within three weeks. But the general election is not expected until September at the earliest, and possibly not until early October.

PREPAYMENTS STEADILY GAIN

First Four Months of Year Disclose Remarkable Collections

Tax prepayments are rapidly approaching the half-million dollar mark, and are \$76,914 ahead of collections during the first four months of last year, city treasury department officials announced yesterday.

Up to the close of business yesterday, a total of \$476,640 had been collected, as compared with \$399,726 for the corresponding period of 1934. This year's receipts to date will earn in interest for the taxpayers \$15,328, which will be applied to the lowering of the taxes of those participating.

FIGURES ARE COMPARED

Some conception of how generally this scheme of tax payments is now embraced by property owners is given by a comparison of the collections to date for this year with the total prepaid collections for 1932, 1933, 1934 and 1935, the first four years of the scheme's operation.

In 1932 total collections amounted to \$199,889. In 1933 they were \$213,445; 1934, \$357,308; and 1935, \$456,295. This year's receipts far exceed the collections for each of the first four years of the scheme's inception, and, in addition, surpasses the collections to date during the record year, which was 1933.

PLAYWRIGHT HERE FROM CALIFORNIA

Samuel Raphaelson, Accompanied by Mrs. Raphaelson, Will Holiday on Island

To have a well-earned rest on Vancouver Island, Samuel Raphaelson, playwright, arrived here from Beverly Hills, California, yesterday. He was accompanied by Mrs. Raphaelson. Both the playwright and his wife heard of the beauties of the city from Olive Brook and Frank Lloyd.

Mr. Raphaelson's latest play, "Accent of Youth," has been performed continuously in New York since Christmas, with Constance Cummings and Kenneth McKenna in leading parts. Another of his plays, "Jazz Singer," had a New York run of one and one-half years.

The playwright expressed an opinion that there was a trend toward a revival of the stage. He believed the legitimate stage offered a better chance for production of the more serious and important subjects. Mr. and Mrs. Raphaelson plan to spend a week on the island golfing, fishing, hiking and riding.

mainder of the twenty-five years' period to meet the principal in full. At a meeting here in February, the bondholders refused to accept Mr. McGee's demand for a straight interest reduction to 3 per cent, pending a readjustment of the city's taxation rights and service obligations.

RELIEF FROM SERVICES

The Mayor also announced he would start a drive in June to remove the costs of police, education and health service from the city's expense sheets, payable from taxes levied in the main on real estate. The Provincial Government, he said, should co-operate in devising some form of income, turnover or general taxes to finance these services.

Inquiry Into Charges Of Abusive Language At Prison Is Opened

Miss Agnes Macphail to Be Allowed Widest Latitude to Prove Case Against Penitentiary Official — Witness Seeks to Withdraw

OTTAWA, May 30 (CP).—Miss Agnes Macphail, member of Parliament for Southeast Grey, will be allowed widest latitude in her attempt to prove Inspector J. D. Dawson, of the penitentiaries branch, used abusive language about her in conversation with a convict at Kingston Penitentiary, Judge J. E. Daly ruled today.

The judge began his inquiry as a royal commissioner into the truth of the allegations by ordering the penitentiary officials to allow Miss Macphail and her counsel to read department files.

The inquiry arises out of statements made by A. G. Hall, former convict, that Inspector Dawson told him "Aggie made a fool of herself in the House of Commons."

WOULD WIDEN SCOPE

No witnesses were called today, but J. C. McRuer, counsel for Miss Macphail, made an unsuccessful attempt to widen the scope of the inquiry to all circumstances surrounding and leading up to the alleged statements. The judge said he would only concern himself with the truth of the statement.

Mr. McRuer said he had to examine the files to obtain full information so he could examine the witnesses as to the credibility of the two principal witnesses, Hall and Dawson.

"What have the files got to do with who is telling the truth?" asked the judge.

"The Minister of Justice said they were relevant," said Mr. McRuer, "and I have to get all the information in my mind."

"My whole duty as I understand it," said the judge, "is to find out which of these people is lying."

WANTS TO WITHDRAW

"I ask leave to withdraw," said Hall. "There is no use in my attending."

KEEP GOING WITH

Reporting on the findings of a C.C.F. delegation that investigated circumstances surrounding the clash between Provincial Police and striking miners in Corbin on April 17, W. Braithwaite, chairman of the C.C.F. unemployment conference in Vancouver, in speaking to a meeting of the Victoria C.C.F. Hall, last night, charged officials with gross brutality in attacking defenceless women and unarmed men.

The decision reached by the delegation, of which Mr. Braithwaite was a member, was that the police set upon the men and women without provocation, the speaker declared.

He explained the trouble started on the morning of April 17 when the police drove a heavy tractor and snowplough along a road in Corbin on which was marching a crowd of striking miners, led by their wives. The leader of the police, numbering some forty-eight, demanded that the marchers break up and allow the snowplough to pass. Mr. Braithwaite asserted. After the crowd refused to do so only five minutes were allowed to lapse before the tractor and plough were driven at the men and women the speaker declared, causing injury to several women. Men who attempted to rescue the women were slugged by police, Mr. Braithwaite charged.

In opening his remarks, the speaker said the miners and their families were forced to live under pitiful conditions in dilapidated houses owned by the mining company.

Gates, who at the time was taking an examination for a driver's licence, was charged with manslaughter this afternoon, following a preliminary examination. He was later released on \$1,500 bail.

IS READY TO IMPORT GAS

Declares Price Would Be Greatly Reduced if Safe From Injunctions

VANCOUVER, May 30 (CP).—The British Columbia fuel inquiry ended today's session on a note of technical evidence concerning imposition of dump duties on refined gasoline after a witness had declared he could bring the product into Vancouver and market it at about half the present price.

Charles C. Labrie, former Canadian National Railways purchasing agent, said he and his associates are prepared to put up a \$100,000 security bond to import gasoline at 6 cents a gallon and provide storage facilities if the Government would guarantee protection against injunctions. To the landed price of 6 cents, witness said, would be added 2-1/2 cents duty, 3 per cent excise tax, 6 per cent sales tax and 7 cents Provincial tax, bringing the total cost price to about 16 cents a gallon.

NOTHING ELABORATE

Labrie told the inquiry if the Government would support his scheme he would not erect elaborate service stations, but would install pumps on vacant lots and provide a small shelter for the attendant as had been done in Montreal. Witness said he based his Vancouver price on present prices in Gulf (of Mexico) States.

In answer to a question from commission counsel Labrie said he had not attempted to import gasoline because he did not know what the Government would do with the gasoline when it got here. He explained he feared the amount of dump duty that would be levied on the refined product.

COMMITTEE "TOO BUSY"

He added that he had written to the price spreads committee, asking them to investigate the difference between the import price of 5 cents a gallon and the retail price of 30

New Station to Be Constructed On Yates Street

A NEW gasoline service station will be constructed at 765 Yates Street by the Standard Station Company, Limited. It was announced yesterday by Duncan K. Kennedy, city building inspector. The station will be located at the corner of Blanshard and Yates Streets, adjacent to the Dominion Hotel.

D. W. Burnett is the contractor. The work will cost approximately \$6,000. The building will be of reinforced concrete.

The answer, he said, was "too busy."

The inquiry adjourned for the day after hearing technical evidence by Thomas A. Russell, of Ottawa, customs department appraiser.

ASKS REVISION OF TAXI RATES

Industrial Committee Considers Request and Compulsory Insurance

Revision of taxicab rates loomed at the City Hall yesterday, when the industrial committee of the City Council conferred with taxicab operators on the question of minimum rates, and insurance.

For some time the committee has been debating the advisability of bringing in a by-law making the carrying of public liability insurance compulsory on the part of all taxicab operators. However, no decision has been reached yet with respect to this phase of the situation.

It was learned that taxicab operators wish the council to revise the present minimum rates, with a view to making a slight increase in the charge to offset the increased cost of administration due to the

Safe, Sensible, Simple Rules to End BILIOUSNESS

Many people who are subject to bilious attacks, headaches and kindred "little ills" are victims of unsuppressed constipation. Their bodily elimination is regular, day after day, but it isn't complete. Waste poisons are undermining health, and the victim is totally unaware of it. There is a common-sense way to check this dangerous condition.

First, eat moderately. Second, get lots of sleep. Third, take regular exercise. Fourth, get as much fresh air as you can. And fifth, take a bracing, refreshing glass of Andrews Liver Salt about twice each week.

These are all reasonable rules. And the last is particularly important.

JOHN FRASER IS CALLED BY DEATH

Scottish Evangelist, Who With His Brother Conducted Services Here, Passes in Australia

Word has just been received here of the unexpected death in Australia of John Fraser, the Scottish evangelist, who, with his brother, Robert Fraser, conducted special services in a number of churches in this city about two years ago. These services were well attended and created considerable interest in the city.

After leaving here, the Fraser Brothers, as they were termed, traveled eastward through Canada, along with Mrs. John Fraser, who assisted her husband in the service of song. Their new mission was in the Old Land, from which they sailed recently for Australia.

Only two days after arrival there, according to the dispatch received, John Fraser died. The message of his death contained no information as to the plans of Mrs. Fraser or his brother, Robert.

SELECT OFFICERS FOR ASSOCIATION

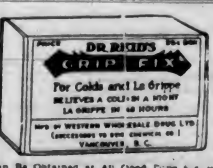

Members of University School Old Boys Again Choose F. N. Cabell as President

The Old Boys of University School held their annual general meeting in the school library on Wednesday. Following the reading and adoption of the minutes of the previous annual meeting and the passing of the financial statement, G. H. Scarrett, headmaster of the school, gave a short address.

He congratulated the old boys on their efforts on behalf of the school during the past year and suggested ways and means by which the scope of their activities could be widened.

The election of officers for the year resulted in the re-election of F. H. Cabell to the presidency, a position which he has most capably filled for several years. R. B. Mathews was the choice of the meeting for the office of vice-president, and W. R. G. Wehman was re-elected secretary-treasurer.

Plans were discussed for the annual reunion, which will take place on June 3. This reunion includes attendance at the school sports in the afternoon, a banquet at the Union Club at 7 p.m. and a dance at the Royal Victoria Yacht Club at 9 p.m.

CLUB HEARS YOUTH IDEAS

Struan Robertson Says Capitalism Means Little to Modern Boys

Capitalism, as interpreted under the present economic system, means little to youth today. This was contended by Struan Robertson, president of Victoria High School Students' Council, in an address given to the Victoria Rotary Club on "The Outlook of an Average Canadian Boy of Sixteen" at the Empress Hotel yesterday.

"Capitalism does not offer anything to the youth of today. Our present system must be reformed or changed, and grafting politicians eliminated," he declared.

"Boys are willing to work hard and face the many tasks imposed upon them, but they are not being given a chance. We boys are at a critical age, and some of us are getting an extremely disinterested outlook upon the future. We want to make successes of ourselves," he stated.

THREE COURSES OPEN

Three courses are open to the present-day high school graduate. He may continue his studies, may secure a social position or may join the ranks of the unemployed. Many boys cannot finance themselves through university, so Lam appealing to you businessmen to give them chances in your firms to earn enough to complete their education and take their places as future leaders of Canada. The question must be answered, "should you give a position to a man who has been out of work several years, or to an ambitious high school graduate?" the speaker asserted.

Harry L. Smith, principal of Victoria High School, was introduced by Jack A. MacKay, Robert Clarke and Naden Young—high school students, rendered trumpet and flute solos, accompanied by Miss Ray Miller.

James H. Beatty gave a brief report on the recent Rotary District No. 1 convention at Bellingham. Referring to the youth conference held there, Mr. Beatty said both he and fellow Rotarians, when young, passed through the same stage of unrest and uncertainty that boys of today were experiencing.

It was reported at the gathering that 7,000 new Rotarians joined the organization during the past year. There were now 3,800 clubs in various parts of the world, with 157,000 members.

DEMOCRACY'S TRIAL

Referring to the speech of Mr. Chester Rowell, editor of The San Francisco Chronicle, Mr. Beatty said the speaker pointed out that democracy in the United States was now on trial and was meeting its crisis. Even if statesmen of the past were to come to life, they could not

LIVELY SESSION IS ANTICIPATED

Public Works Committee to Discuss Comptroller's By-Law and Rates

A lively session of the City Council, sitting as a public works committee, is anticipated this afternoon.

The council will convene at 2:30 o'clock ostensibly to discuss the city comptroller's by-law, which would invest D. A. MacDonald with more powers than he at present possesses.

Periodically this question arises, and on every occasion has been the subject of lively debate. The council always having been fairly divided as to the advisability of bestowing greater powers on the comptroller.

Some take the view that the comptroller should be given full power as an administrator, while others take the stand that final decisions in staff and many departmental matters rest with the council.

LOWER WATER RATES

Another matter expected to be brought forward is the question of lower water rates for the Summer months. Alderman Andrew Mc Gavin is desirous of giving the special irrigation privilege to small home owners in time for June, July and August.

In order to allow the waterworks department to do this, a motion of the council would be necessary.

Boy to Be Returned Alive, Statement of Prominent Officer

Continued from Page 1.

He said he went to Bonneville, Ore., on an undisclosed "tip." State patrolmen who searched for him thought he might have been a victim of violence, possibly in connection with the kidnapping.

Stockholders of the widespread Weyerhaeuser timber interests held their annual stockholders' meeting here today, but without the presence of J. P. Weyerhaeuser, father of the missing boy. Final preparations for dealing with the kidnappers were undertaken recently by George's parents.

Rumors that Federal agents were beginning renewed activity in the case came a few hours after three persons here declared they recently had seen Volney Davis, associate of the widely-sought gang leader, Alvin Karpis.

NO SECOND NOTE

Reports that a second ransom note had been received by the family, extending the negotiation period, were denied in a direct check with the Weyerhaeuser residence. "No one at the house knows anything about it," said a spokesman who was informed of the report.

Agents of the Department of Justice directed their activities from the secluded tenth floor of a downtown office building and gave polite but firm refusal to all questions. The \$200,000 ransom money—a huge pile of currency in \$20, \$10,

and \$5 bills—was reported by sources close to the family to be available in a secret hiding place, ready for payment at the demand of the kidnappers.

Faith that the boy's abductors would keep their promise to send further instructions was held by the parents, who bravely faced another night of waiting and prayer for the fate of their curly-haired son. He was seized last Friday noon as he returned homeward from school.

PICTURES IDENTIFIED

To previous rumors that the Karpis gang was sought in the case, three Tacoma men today added assertions that a man resembling Volney Davis, associate of Karpis, was here as late as last Saturday, the day after George was seized.

Mr. and Mrs. Clarence G. Reed, managers of an apartment hotel, and Mrs. T. Gunnell, a tenant, identified pictures of Davis as resembling a man who suddenly checked out of the building last Saturday.

They said he was seen in company with a woman he claimed as his wife.

"We noticed there was something peculiar about his actions when he came to us," said Mrs. Reed. On Saturday morning, she said the man went into the room carrying a bundle of newspapers blazoned with headlines about the Weyerhaeuser kidnapping. Two hours

later he left suddenly with his woman companion and did not return. Police were notified. Karpis, variously reported seen in California and the Pacific Northwest in recent months, is widely sought in the St. Paul kidnapping of Edward Bremer, wealthy brewer, who paid \$200,000 for his release.

CONTACT PROBABLE

The report that the full amount of the ransom had been made ready for delivery to the extortionists lent strength to the rumor that there had been a contact with the kidnappers yesterday and the parents were assured their son was alive and safe. The ransom note had threatened harm to the curly-headed little fellow if the press or authorities were informed of his capture.

The belief George was kidnapped by "local talent" and has been sequestered in Tacoma ever since he disappeared last Friday noon, was expressed by a high ranking city police officer.

Simultaneously an insurance executive who would not be quoted by name, gave a new twist to the tragic case when he estimated that George's grandfather, J. P. Weyerhaeuser, Sr., who died a week and a day before George was kidnapped, carried between \$100,000 and \$200,000 life insurance.

The kidnappers demanded \$200,000 ransom for the curly-headed little boy, and officers have estimated that the kidnapping was planned after the grandfather's death May 16.

PROBABLE INTERMEDIARIES

The report today, from another trustworthy source close to the family, that the ransom—a fifty-pound stack of \$5, \$10 and \$20 Federal Reserve notes—was ready for the kidnappers, followed the assertion of another intimate of the family that the intermediaries probably will be "F. Rodman Titcomb and Charles Ingram."

Titcomb is George's uncle. Both Titcomb and Ingram are officials of the Weyerhaeuser Timber Company, and associates of George's father, J. P. Weyerhaeuser, Jr.

The streets adjacent to the home of J. P. Weyerhaeuser, Jr., were thronged with curious crowds last night for several hours after 6.35 o'clock, the deadline for raising the ransom money, had passed.

Scores of cars, many of them from Seattle, passed and repassed the house and others drew into the curb and parked.

The glare of the headlights broke the darkness to reveal men and women and children strolling up and down the streets and leaning against grassy embankments, eyes glued on the white Weyerhaeuser mansion.

Whenever a car arrived or departed from the home, newsmen dashed to the curb to try and identify the persons involved, then rushed to a house across the street to telephone to their headquarters.

SEEN NEAR AGASSIZ?

VANCOUVER, May 30 (C.P.).—British Columbia police last night investigating a report that a car containing three men and a boy said to resemble George Weyerhaeuser, nine-year-old Tacoma, Wash. kidnap victim, was seen near Agassiz, B.C., last night. Agassiz is about seventy miles east of here and about twenty miles north of the international boundary line.

According to police, a Vancouver woman reported seeing the car and its occupants about a quarter of a mile from the Agassiz-Rosedale Ferry which connects the north and south sides of the Vancouver-Harrison Hot Springs Highway.

The woman, whose name is being withheld, told police the boy dressed in brown clothes, was in the rear seat of the car between two men. A third man sat behind the steering wheel in the front seat. At the time the car was seen the ferry had made the last trip of the day.

SEARCH EXTENDED

Provincial police conducted a search of auto camps in the vicinity without success, later extending their search to Harrison Hot Springs, where more than 200 members of the Oxford Group were holding a Pacific Northwest "house party." Police believed the kidnappers might have used the presence of the group to cloak their movements.

Officers all along the highway between Harrison and Vancouver are keeping a sharp lookout for the automobile and its four occupants.

JAPANESE SHOW FORCE AS WARNING

of the bandit operations, stopped only after Japanese forces had killed hundreds of Chinese bandits.

THE DEMANDS

These demands are: 1. Extension of the North China demilitarized zone so as to include Peiping and Tientsin.

2. Outing of General Yu—who also is Governor of Hopei Province—from office.

3. Punishment of those who killed the pro-Japanese editors.

Concern is shown by Chinese over the renewal of Japanese military activity south of the Great Wall, generally attributed to youthful elements in the Japanese army. Coincidence of these armed movements and the Japanese Foreign Office's expressions of amity toward China have caused astonishment.

The Chinese stress their Government's sincerity in trying to stop anti-Japanese propaganda.

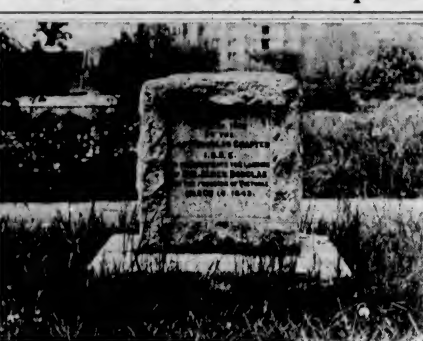

TOKIO'S WARNING

TOKIO, May 30 (A.P.).—A stern warning and strong demands, based on charges of Chinese treachery, anti-Japanese agitation, terrorism and alleged violations of treaties, have been delivered to the Chinese National Government, "It was officially said today.

The official version of the demands was not available, but it was admitted that Colonel Takahashi Sakai, chief of the Japanese garrison at Tientsin, issued the warning.

The alleged treaty violations included mention of the Boxer protocol of 1901. There were indications that Japanese war lords again might act as they did in September, 1931, when the conquest of Manchuria began and control of the entire policy to-

Victoria's Historic Spots

SITE OF PIONEER'S HOME

This stone marker, in the middle of the block on Elliot Street, marks the spot where stood the home of Sir James Douglas, James Douglas first visited Vancouver Island in 1842. Returning on March 15, 1843, he landed at Clover Point and commenced erection of Fort Camosun the following day. The settlement was known successively as Fort Alberni and Fort Victoria. James Douglas, the greatest of all British Columbia's pioneers, rose from the position of Chief Factor, in charge of the Hudson's Bay Company post here, to that of Governor of Vancouver Island, Lieutenant-Governor of Queen Charlotte Islands and Governor of British Columbia. He was knighted for his services to the colonies in 1863, a year before he retired as Governor of Vancouver Island and British Columbia. He passed away suddenly on August 2, 1877, and was laid at rest in Ross Bay Cemetery. Not far from the marker on Elliot Street there is a large cherry tree, within a stone's throw of the Legislative Buildings, planted there by Sir James.

WARD CHINA WAS TAKEN FROM CIVILIAN HANDS

Whether force actually will be used and if so how far southward it would carry the crimes of the Japanese Emperor remained obscure, but military spokesmen here discussed freely the advisability of including Peiping and Tientsin within the demilitarized zone, established by the Tangku truce of May 31, 1933.

Says F. R. Parker, Chevrolet Truck Owner of Englehart

Yes, Mr. Parker, Chevrolet Trucks Have a Habit of Staying "On the Job!"

We decided to let the OWNERS of Chevrolet Trucks write this advertisement for us. Because what says truck men more than anything else is THE EXPERIENCE OF OTHER OPERATORS. Read these typical comments from men who KNOW Chevrolet and Maple Leaf Trucks. Compare their experience with your own. Ask yourself, are YOU getting the satisfaction that Chevrolet and Maple Leaf Trucks offer in the VERY LOWEST PRICE RANGE? And see your Chevrolet dealer before you spend a copper for new truck equipment.

A complete line of trucks from 1/2 to 2 tons capacity... General Motors Trailer equipment makes it possible to haul 5 tons at the world's lowest operating costs. Liberal new Owner Service Policy... Low delivered prices and easy GMAC terms.

"We had a contract hauling logs about thirty feet long, a foot at the small end, taking about thirty to a load, which weighed around seven tons. Trailer, load and truck weighed about ten tons. How is that for a Chevrolet motor? Every winter I have been bucking snow, running to my camp, hauling cord wood—taking a cord and a half to a load, weighing about three tons, up one long hill in extra low about a mile, making six and eight trips a day. Different people here can't understand how this truck is standing up!"...
EDWARD WILLIS, N. Sydney, C.B.

"We have been users of Chevrolet Trucks and passenger cars for about fifteen years. During that period we have never had an unsatisfactory Chevrolet. At the present time we are operating fifteen Chevrolets in our different delivery systems. Until some four or five years ago, it was necessary to gather cream in the winter months by horse conveyances, but the power and stamina of the Chevrolet Trucks made it possible to operate for twelve months each year."

CANTATA GIVES MUCH PLEASURE

Belmont United Choir Sings At Douglas Street Baptist Church

The excellent account of Douglas Street Baptist Church made particularly pleasing the rendering of George F. Root's sacred cantata, "Under the Palms," given in that auditorium last evening by the Belmont Avenue United Church Choir and guest soloists.

Conducted by W. I. Land, formerly conductor of the latter church, but now choir leader at Douglas Street Baptist, the work was admirably presented, with good cohesion, showing complete familiarity with the words and music. There was also a nice sincerity in the performance, the whole subject being approached in a most reverent spirit.

Illustrating the Jewish Feast of Tabernacles after the Captivity, the cantata introduces, as principal characters, Ezra, a part assigned to the bass soloist, J. J. Matheson, and Nehemiah, Maurice Tenor; Miriam, Mrs. T. Hardy, soprano; and Zillah, Mrs. C. C. Kemley, contralto. To these fell the chief roles, which run almost continuously through the work, either in conjunction with, or independent of the choruses, and in every instance the parts were well sung. The same voices carried a number of pleasingly harmonized quartets, although there were two other quartets which were heard separately and as double quartets in one of two well-blended ensembles. The personnel of these was as follows: Second quartette, Mrs. J. J. Matheson, Mrs. J. D. Evans, P. Smith and H. A. Hundleby; third quartette, Mrs. P. Smith, Mrs. Howard, Stanley Honeychurch and R. P. Knott.

CHILDREN'S CHOIR
Few cantatas make such use of different groups of voices, and while the music itself has not great variety of character, the interest is sustained by the story and the means employed for its narration, an echo chorus of eight voices being used with good effect in some instances, and another contrast being achieved by the introduction elsewhere of a choir of children whose fresh young voices were especially appealing in the chorus, "He Is a Help to the Helpless."

Among the most interesting of the choir numbers were, "Come Let Us Rejoice," a joyous number, which opens the second part of the work; "While We Repeat the Dearest Name"; "Behold, the Land of Peace and Plenty"; "O Shepherd, Who Leadest," "Praise Ye the Lord," "Rejoice" and "We Are Marching On to Zion."

Among the principal solos, sung by Mrs. Hardy, were "When the Lord Turned Again," "O Shepherd, Who Leadest," "Unleash Thy Up Mine Eyes," "Blessed Be Thy Glorious Name." For the contralto, Mrs. Kemley, one of the most beautiful is "O Lord, the Harvest of the Year," for the tenor, Mr. Matheson, "How Doth the Lord, 'Lies Before a Hostile Way,' " "Uplift Your Thankful Eyes," "For the Lord, 'Rest, Pilgrims, Rest,' " "Bless the Lord" and "Land of Peace and Plenty."

QUARTETTES
The two ladies' voices were effective in duet, and among the most outstanding of the quartets of the evening were "Up to the Hills," "O Lord, What Offering Shall We Bring" and "O Church of Christ." The double quartette gave a neatly-phrased and sincere performance of "O Lord, the Saviour's Message Hear" and "O Jerusalem," which immediately followed.

Throughout, the choir had reliable instrumental support from the organist, Miss Gertrude Evans, and Mrs. T. Bailey gave a clear reading of the poem, "By Abava River," which is incorporated with the narrative.

Rev. Dr. F. W. McKinnon, pastor of the Douglas Street Baptist Church, said a few words at the beginning of the programme, and Rev. James Hood, of Belmont Avenue United Church, gave the "Benediction" at the close.

AIR LOCARNO IS PROPOSED
Continued from Page 1
Usually well informed sources said the German draft followed the general lines of the "air Locarno" first proposed in February, which had in view not only mutual guarantees of the Locarno powers against air attacks, but also limitation of air armaments.

CONTENT KEPT SECRET
BERLIN, May 30 (AP).—The German Government announced officially today it had handed the draft of an "air Locarno Pact" to the British Government at Great Britain's request, thus following the example of the Italian and French Governments which previously had submitted such drafts to London. The content of the German suggestion is to be kept secret for the time being.

Fugitive Convicts Back in Custody
GEORGETOWN, British Guiana, May 30 (CP Cable).—Two fugitives from Devil's Island, who reached here a month ago after a daring escape, were placed aboard a steamer today and shipped back to the notorious French penal colony. The prisoners, Albert Baladour and Truouy Yanha, had been allowed to stay here unaccompanied for a month after their arrival in a small open boat. But British police seized them at the end of this period and handed them over to French officers.

Advertising Is Proving Worth
Vancouver Island Drawing Attention of Tourists, Bureau Directors Told

Results of a wide newspaper advertising campaign by the Canadian Travel Bureau and extensive direct mail efforts by the Victoria and Island Publicity Bureau are being felt here, George I. Warren, Victoria publicity commissioner, reported to bureau directors at a meeting yesterday.

Some 12,000 inquiries about Canada, and particularly British Columbia, have been received by the Canadian Bureau since it inaugurated the advertising and publicity campaign, it was stated.

From the Atlantic Coast and the Southern States many letters have been received at the Victoria Bureau, stating the writers were considering coming here for their holidays. In answer to eager requests, thousands of pamphlets and much information about Vancouver Island's beauties, attractions and fishing centres have been sent to every part of the United States and Canada.

EAGER FOR STORIES
Eager to receive information about this island wonderland, The San Francisco Examiner advised Mr. Warren that it would publish an interesting item sent by the local bureau.

A magnificent photograph of General Noel Money fishing in the Stamp River, Vancouver Island, will be reproduced on the cover of the coming issue of The National Motorist, official organ of the National Automobile Club, with headquarters in San Francisco. Mr. Warren told directors. The issue will also carry a story of the Island by Frank Gilmora, writer for the bureau.

Fifty travel directors of Seattle will come to Victoria on June 15 and spend the week-end here, as the guests of the Puget Sound Navigation Company. The Victoria Publicity Bureau will entertain the visitors while here, it was decided yesterday.

MAYOR'S REPORT
The party will be taken from Seattle to Edmonds by bus, then cross by a Black Ball ferry to this city, following the route that the navigation company hopes to make popular with both Canadian and American tourists this summer. Special weekend rates are being arranged on this service, the directors were advised.

Mayor David Leeming concluded the meeting with a brief report on his recent good trip to Oregon with Mr. Warren. During the trip, Mr. Leeming addressed several gatherings of travel men and participated in a special meeting concerning tourist trade development.

KINSMEN ISSUE PEACE APPEAL

Rev. George Turpin Guest Speaker at Dinner Meeting of Local Body

The singleness of purpose adopted by the National Association of Canadian Kinsmen Clubs in sponsoring a "Canada for Peace" campaign in convention here last summer was stressed by Rev. George Turpin, Roodville, B.C., a member of the Chilliwack Club, in an address delivered last night at the dinner meeting of the Victoria Kinsmen Club in the Empress Hotel.

The convention accomplished two things, Mr. Turpin said. It showed the Canadian public that Kinsmen Clubs were not "playboy organizations," but groups fostering a worthwhile cause. A Dominion-wide broadcast and press publicity, both nationally and internationally, had given the organization prestige.

Canada for peace, Mr. Turpin continued, stressed by party leaders in the Dominion, hinged around the slogan "The aim of Canadian foreign policy is peace and that aim expresses the desire of every Canadian." Only when peace and security became real could trade and commerce reverse and world prosperity become a fact instead of a dream, he declared.

THREAT TO PEACE
Although Mr. Turpin felt that Fascism, Hitlerism, Communism, Imperialism and Nationalism an economic self-sufficiency in one sense, were attempts to find peace and security, they were at the same time real threats to world peace and security.

Mr. Turpin concluded by saying, "Kin for Canada means then, assuming of a responsibility in this regard. We can, through our statesmen and representatives to the League of Nations, present to the world the aim of peace which will justify our slogan, Canada for Peace—Kin for Canada."

Resolutions to be presented at the national convention in Ottawa were discussed. District Governor Ernest Pearson and Harvey De Long of Chilliwack, were guests. The May 24 Carnival was of great success, it was reported.

or jealousy. Another expert said cocaine produced in the male a state of morbid jealousy.

STONER'S DEFENCE
The defence case is that Stoner became excited and enraged on the afternoon of March 24 when he learned that Mrs. Rattenbury and her husband were to make an excursion shortly to Bridport, a coast resort, and that he attacked Rattenbury while out of his mind.

For Stoner, J. D. Casswell, K.C., told the jury Stoner admitted striking the fatal blow in an effort to prove that he was not in his right mind, and submitted the crime was inexplicable, coming "from an inoffensive, straightforward English boy." Previously, Stoner's father testified his son was always backward and physically weak, but was "the best boy anyone could wish."

T. J. O'Connor, K.C., for Mrs. Rattenbury, said there was no case against his client if they accepted the alleged confessions Mrs. Rattenbury repudiated yesterday. "Alleged statements, fragments snatched from the disordered mind of a woman addled with drink and hysteria," said Herriot.

Mr. Casswell opened the final addresses to the jury. Stoner, he said, had admitted striking the fatal blow. He denied he was responsible when he struck it and against his client if they accepted the alleged confessions Mrs. Rattenbury repudiated yesterday. "Alleged statements, fragments snatched from the disordered mind of a woman addled with drink and hysteria," said Herriot.

INSANELY JEALOUS
Addressing the jury before a packed courtroom, J. D. Casswell, counsel for Stoner, acknowledged the boy's co-defendant did not strike the blow which caused Rattenbury's death four days later. But he stressed testimony Stoner was addicted to drugs and was under the influence of the drug at the time and what he might say of now would be of little consequence.

Social Activities and Notes of Personal Interest

Temperance Women Are Optimistic

WINNIPEG, May 30. (CP).—Temperance workers have a right to be optimistic in the future of their cause. Dr. Ella Alexandra Boote, world president of women temperance workers, told delegates attending the triennial convention of the Canadian Women's Temperance Union here today.

"We have lost a battle, but we have not lost the war," she declared in a review of prohibition repeal in Canada and the United States. "Repeal has had an adverse effect on temperance the world over. It has been a decided setback to our cause, but not to our determination and efforts," she said.

Mrs. Boote's address was the highlight of the convention, representative of workers from all parts of

Canada. The greater part of the day was taken up with reports of various committees and officers, which showed the union to be in a flourishing condition.

Mrs. James Mahon, Montreal, treasurer, reported total receipts since the last convention amounted to \$10,925, and disbursements \$8,478. Membership affiliation fees totaled \$4,350, and returns from the Sunday school campaign, \$3,432. Gifts to world temperance missions reached \$1,370.

Consider the Linen Suit—Trim and Chic

It's the Tops for Fashionable Daytime Wear—Left, Natural Colored Suit, Brown Blouse; Right, White Linen Suit.

CONSIDER the linen suit, how it looks and how it fits into the sartorial picture. Linen for the daytime sports type of thing, and chiton for the evening are pretty nearly tops just now, to use the current slang.

Since uncrushable linens have been introduced their popularity has grown prodigiously, for trim and smart as the old-time linen suit or dress looked, when first put on, the wearer usually felt a trifle discouraged when she viewed the wrinkles and general mussiness that came from even one wearing.

Linens are played up importantly in all the fashion shows and collections, usually in trim little suit such as those shown here.

Both of these suits are made of imported Irish linen, the one at the left, on the seated figure, a natural colored linen combined with a brown and white polka dot blouse. Don't make the mistake of leaving

brown out of your sartorial scheme this Summer, for it is one of the smartest of colors, and is used in combination with practically every other hue.

The coat of the suit we were mentioning is single breasted and belted, with buttons down the front and no collar. The deep pockets are placed above the belt line, and the jacket has raglan sleeves.

The other suit is white linen with a polka dotted dark shirt underneath. Scarfs knotted close to the throat are so universal as to almost be a uniform. What will happen to them when the really hot weather comes is one of the things to be watched. Women may make martyrs of themselves and cling to these close necklines. My guess is they will not.

Hand stitching in color is used on this suit as a finish which ties up with the belt and dark-colored blouse.

Linen riding clothes are cool, and the latest, combining plaids and solid colors, are delightfully new and young looking. Natural colored linen trousers or jodhpurs are worn with dark brown coats, or vice versa, plaid linen trousers with solid color coats, and the reverse.

Active sports clothes in linen also are important—tennis, golf and beach costumes, and handbags and shoes are other manifestations of this versatile fabric. If you do not care for an all-linen bag, your pouch or envelope may be leather and lined with linen. And, to top your costume off, a linen hat would be "tops" indeed!

Y.P.S. News

OAKLANDS
The fortnightly meeting of the Oakland Young People's Society was held on Wednesday. There were about sixty present. The Scripture portion was read by Ray Downes.

After a singing practice, conducted by Dave Stewart, a vocal solo was rendered by Ora Jealous. An organ solo was given by Alex Hall. The subject "Science as Found in the Bible" was discussed by Roland Savage. He concluded that, in spite of the attacks made on it, the Bible is the best authority on science and the discoveries made by scientists in the last fifty years have proved this. The next meeting will be held on June 12. A historical sketch will be given by Alex Hall.

METROPOLITAN

At the closing meeting of the Metropolitan Young People's Society, Doris Smith conducted a worship service, which opened with the hymn, "O Master, Let Me Walk With Thee." Dorothy Howard read a chapter from the Book of Proverbs and Elsie Le Gresley led the meeting in prayer. Doris Smith read an article on "The Sacraments of Personality" and closed the service with the hymn, "God Be With You." Before going to supper, Bill Patrick played two banjo solos, "Poet and Peasant" and "The Tale of Caper."

While the members and guests were seated around the table, Kenneth Craig and Bill Johnston played "Freddie Face" and "Lookie Lookie," as acrophonic duets. This was followed by an amusing skit, with Tom Wilson as Ed Wynn and Douglas Ritchie as Graham McNamee. Mothers of the young people, including Mrs. Williams, Mrs. Keeler, Mrs. Englund, Mrs. McPhee, Mrs. Ritchie, Mrs. Vaio and Mrs. Warr, kindly offered their assistance and waited on the tables. After supper, Rev. J. S. H. Warr rendered two solos, "Kashmiri Song" and "In the Garden of Tomorrow."

Edwin Cliff gave a report on the whole of the Young People's British Columbia conference held in Vancouver and Doris Smith and Hazel McPhee reported on their group discussion there. The Hawaiian Serenaders, consisting of Mollie, George and Winnie Tallick, Jean

Monbard and Victor Cooley, entertained with two Hawaiian selections. Ellis Waller and Elma Keeler, who were also delegates to Vancouver, reported on the findings from their discussion groups. Little Theatre Group Has Successful Year

**Mrs. E. W. Hetherington Elected President—
Many Plays Produced and More Active Period
Planned—Consider Famous Mystery Play**

One of the most successful years in its history closed last night by the Victoria Little Theatre Association at its fifth annual meeting. After electing officers it launched out on its plans for the future in an effort to make the sixth year of its existence even more successful than the last.

Already the association has practically decided upon producing one of the most famous mystery plays ever produced in London, and one that has been supported by the public for several years.

Mrs. E. W. Hetherington was

unanimously elected president by the association to fill the vacancy created by the retirement of Hugh Creelman, under whose leadership the association had such an outstanding year of play production.

OTHER OFFICERS

Other officers elected were: Vice-president, Harry J. Davis; secretary, Leslie Hewitt; assistant secretary, Miss Wilma Anderson; treasurer, Charles Swannell; house and social committee chairman, Arthur Kerr; entertainment, Miss Margaret Swannell; play reading committee, Daniel McDonald; and scenery and properties, Leo Marston.

Mr. Creelman, in giving his annual report, referred to the success that had attended the production of three major plays and pointed out that last year's deficit had been reduced materially.

Jack Barracough, the retiring secretary, gave a resume of the year's activities. It was reported that three major plays, "Hay Fever," "The Late Christopher Bean" and "The Play's the Thing," had been produced, the first being given at Duncan also. Smaller productions included "St. Cyprian and the Devil," entered in the Dominion Drama Festival, and "The Hundredth Chance," entered in the British Columbia Drama Festival.

Three one-act plays were produced for the entertainment of the men at Otter Point relief camp, while plays and entertainments also were given for St. Louis College, Canadian Daughters' League and the Kiwanis Club. The play for the Canadian Daughters' League was "Lovely Miracle." Charles Swannell, treasurer, gave

For Sunday Breakfast

QUICK Coffee Cake—One and one-half cups flour, two teaspoons baking powder, one-half teaspoon salt, three-fourths cup sugar, two tablespoons butter, one egg, three-fourths cup milk, scant measure; one-fourth teaspoon cinnamon. Mix and sift dry ingredients, add well beaten egg and milk, and lastly melted butter. Topping: One tablespoon flour, one and one-half tablespoons butter, six tablespoons brown sugar, one-fourth teaspoon cinnamon, one-fourth teaspoon salt. Melt butter, blend flour, add sugar and cinnamon, spread on top of cake. Add pecan halves if you choose. Bake twenty-five minutes.

a detailed statement of the association's revenues and expenditures. A nice balance was shown at the close of the year, which will help in reducing the previous year's deficit, as also will a private donation to the funds of the organization.

MANY SUPPORTERS

The treasurer's report of admission receipts to plays disclosed that the Victoria Little Theatre Association's following was steadily gaining, and that more and more persons were beginning to look forward to the productions on the legitimate stage.

THEATRE NEEDED

There was an open discussion on the much-debated question of a Little Theatre, and the hope was expressed that the various theatrical and musical groups in the city might eventually get together and provide a suitable theatre, or that the needs of little theatre organizations might be met in the proposed civic auditorium.

It is planned to produce four major plays next season, and the first play is already being discussed. A definite announcement on its selection will be made later by the board of wardens, although the general meeting has made a recommendation following the description of the mystery play seen in London by Mr. Davis, who was enthusiastic over its merit, stating that the play had attracted many to see it several times.

Made Little Theatre Head

At last night's annual meeting of the Victoria Little Theatre Association, Mrs. Hetherington was elected to the presidency for the sixth year of the organization, succeeding Mr. Hugh Creelman.

Mrs. Hetherington is well known in theatrical circles.

Says Guatemala Now Attracting Many Tourists

Picturesque Guatemala is rapidly gaining popularity as a tourist centre, attracting many from the Pacific Coast, according to Enrique Engel, merchant of Guatemala City, who is enjoying a short visit at the Empress Hotel with his wife. Both visitors expressed their delight with the beauty of the city, when interviewed yesterday. They declared R. P. Bulcher's gardens were the loveliest they had seen in an extensive tour of the United States and sub-tropical countries.

GREAT COMEDY IS AT THE DOMINION

E. G. Robinson Portrays Unusual Role in Brilliant Picture, "The Whole Town's Talking"

Edward G. Robinson, the screen's outstanding character actor, will be seen in his first serio-comic role in Columbia's "The Whole Town's Talking," which will be the feature attraction at the Dominion Theatre, starting today.

"The Whole Town's Talking" presents the hilarious and exciting adventures of a meek, poetic office clerk who gets into the headlines because of his remarkable resemblance to the country's most dangerous criminal.

To prevent police from molesting him, the district attorney gives Robinson a letter, or passport, which is to identify him as the respectable citizen and not the public enemy whom he so strongly resembles. Killer Mannion, his double, obtains possession of the passport and thus

goes about his criminal activities with comparative immunity.

Lovely Jean Arthur cast in the picture as the girl whom Robinson has always loved, but has been too shy to woo.

With his unexpected distinction and newly-found courage he turns the tables on his hard-boiled counterpart and crashes through to a heart-stirring climax.

"CAPITOL Women . . . and their THEATRE men who fly . . . provide the human interest of Wallace Beery's newest Metro-Goldwyn-Mayer starring vehicle, "West Point of the Air," which is now at the Capitol Theatre.

The locale of the story is one to challenge public interest. It is the immense new army flying school at Randolph Field, Texas. The principal protagonists are Beery, a sergeant flying instructor; his son, Robert Young, a young lieutenant come to the field for his training; and two women in love with the boy, Maureen O'Sullivan and Rosalind Russell.

COLUMBIA She craved adventure, she experienced a rugged life with a band of multineers—and got adventure, plus!

As the heroine who yearns for more thrills in Macleale's "Mutiny Ahead," now at the Columbia, Kathleen Burke finds herself in the midst of fist fights, mutinies with a modern gang of bold, bad buccaners.

Miss Burke is the society girl who tries escaping a jaded life of parties by chartering a schooner for a treasure hunt in the South Seas.

PLAYHOUSE For moviegoers who THEATRE enjoyed the dancing of Alice Faye in George White's "Scandals," Fox Film has again cast the blonde young New Yorker in a role where she can display her ability in this line.

Before entering motion pictures, Alice danced in vaudeville and musical shows on the New York stage.

"365 Nights in Hollywood," now at the Playhouse Theatre, gives her her fourth important role since her contract was signed, but the first since the "Scandals" that will permit her to dance.

CLUB TO PRESENT FINE PROGRAMME

Arion Concert Will Be Given at Empress Hotel on Thursday, June 6

The Arion Male Voice Choir will give its second concert of the forty-third season at the Empress ballroom on Thursday, June 6. This date is somewhat later than is usually arranged, but unforeseen circumstances obligated the original date being altered. This will be the 100th regular concert given by this veteran choir in Victoria, and these events are always looked forward to with pleasure by the large number of associate members.

Other new numbers are: "A Surrey Song," by Matthews; "And Now 'Tis Time to Go," an arrangement of a theme by Bach; "Westward Ho," by Candlish; "The Bells of Notre Dame," by Klemm; and "The Big Brown Bear," by Manzuca.

"A Franklin's Dog," by Sir A. C. Mackenzie, will be new to the audience, as it has only been sung once by the choir and that was in the fourth season.

Other numbers are: "Song of the Pacific," "The Earl King," "The Song," and "The Knight's Ghost."

The closing number is a double chorus from "Antigone," by Mendelssohn, a very stirring and rousing composition.

F. J. Sehl and P. H. Hughes will conduct.

DRAMATIC SHOW MUCH ENJOYED

Children From Nanaimo Entertain At Duncan With Some Excellent Selections

QUALICUM BEACH, May 30.—An interesting programme was presented on Wednesday at the Community Hall here, by the pupils of the Nanaimo Dramatic Academy, under the direction of Mrs. A. G. Graham.

This was the children's first visit to the Qualicum district and their clever work won the hearts of all present.

Two colorful ensemble numbers, "Lavender Beds," and an adaptation of "Tell Me, Pretty Maiden," from "Florodora," were especially charming while Barbara Monk's finished rendering of the flustered mother at the railway station was worthy of a much older performer.

In the quartet scene from "The School for Scandal," Beverly Wilson and Jackie Hindmarch, both aged eight, were outstanding, the former showing remarkable acting ability in her decisive little gestures and clear tones as the querulous Sir Peter Teazle.

Jackie Cooper, in "Little Batiste," and Joyce Hann in a comedy monologue drew rounds of applause, while Lily Kirkham showed a real gift for misunderstanding her Sunday school lessons in her account of Jonah and the whale.

A one-act play, "The Third Wish," was also presented by a Qualicum Beach group. The concluding number, "The Bird's Christmas Carol," showing a harassed mother trying to get her family ready for a party, gave full scope for the dramatic talents of the children, who showed a real gift for natural humor.

Douglas Kirkbride rendered several vocal numbers between the items. The programme was sponsored by the ladies auxiliary of the Canadian Legion, and was in aid of the fund for installing new scenery in the Community Hall.

COMPETITION IS CALLED RUINOUS

Garagemen at Ladysmith Ask That New Licences Be Refused—Meeting School Board

LADYSMITH, May 30.—Ruinous competition in the gasoline and service station business was called to the attention of the City Council at a meeting last night, in a communication from I. E. Lowe, representing this district of the Garagemen's Association of British Columbia.

The letter asked the council to consider refraining from issuing further new licences in the car servicing line, as those already attempting to earn a living were beset by extreme difficulties.

Mr. Lowe, appearing in person to supplement the request of the letter, explained that the garages in town were operating "in the red," and that the granting of a new licence to participate in the meagre business available at present would prove disastrous to the rest of the service station men.

He alleged that the large gasoline and oil distributors were one of the prime factors in the making of the unsatisfactory conditions prevailing in the trade. Even in places where the amount of business was practically negligible, they did not hesitate to aggravate the bad conditions by sponsoring the creation of a new station, if the existing dealers did not handle their product. He asked that new licences be refused until conditions improved.

MATTER OF DELICACY

Mayor Walkem and Alderman Joyce expressed sympathy with the problem, while pointing out that the matter was one of some delicacy and the council was perforce obliged to avoid anything of the nature of discriminatory action, or steps that might be interpreted as unwarranted restraint of trade.

Further discussion on the subject was closed on the motion, passed unanimously that new applications for business licences would be considered and dealt with by the council as a committee.

Particulars of the largest works undertaken for many years in the city were divulged by the report of the board of works on the drainage scheme now completed on Warren Street.

The cost was a trifle over \$1,500, a low sum in view of the nature of the work. It was estimated the problem that has proved a nuisance to residents and the council for many years was solved for the next fifty years.

Alderman Joyce, as chairman of the cemetery committee, pointed out that Decoration Day was arranged for June 16, and he wanted some labor made available to have the cemetery paths in thorough condition.

The request was granted.

The communication from the School Board recently, asking for a joint conference of the board and the council to discuss matters in connection with arrears of school taxes, was reintroduced, when Alderman Joyce's motion to receive and file the letter was defeated by the odd vote.

Mayor Walkem, who vacated the chair in favor of Alderman Cullum, remarked the School Board was a responsible public body, and he felt that to refuse to meet the board could only be interpreted as discourtesy.

Alderman Joyce and Steele reiterated their belief that the subject matter of the board's letter should have received attention from the board when the school estimates were submitted to the council. It was finally decided that the council will meet the board at a date to be set later by the council.

A young barrister, in a severe cross-examination of a landlady, was trying to discredit her boarding house in the eyes of the jury. She spoke of certain lodgers who never went out at night, and the barrister pounced on this admission at once.

"A queer set of people seem to live in your house, madam," he said. "Are they training for monks, or have they some reason for hiding themselves from the public eye?"

"No, sir," replied the landlady, "they're studying for the law!"

Smell of Foxes Has to Be Paid For

AMHERST, N.S., May 30 (CP).—The smell of foxes is offensive to a Supreme Court jury decided in awarding Allan McLeod, of Pugwash, \$100 damages in his suit against Burpee Allan, a neighbor. McLeod claimed smell and noise of the animals caused great discomfort to himself and his family.

KITTENS WILL BATTLE SONS IN TWIN BILL

Tacoma Baseball Nine to Play at Royal Athletic Park Tomorrow

WITH Ed Chilla, veteran ball player, at the helm, the popular and well-known Tacoma Kittens, smart ball nine of the Timber League, Tacoma, will invade the city tomorrow to oppose the Victoria Sons of Canada in a twin bill inter-city exhibition baseball series at the Royal Athletic Park. The afternoon game will start at 2:30 o'clock and the evening fixture at 6 o'clock.

Vic Krause, leading twirler in the Timber League, will look after the heavy work for the visitors in the matinee attraction. Krause is pitching great ball this season and has been given the "once over" by baseball scouts from the Pacific Coast League. In eight performances on the mound, the big right-hander has allowed but seven bingles. He is reported to have turned down an offer from one of the Pacific Coast Baseball League clubs.

Doing the receiving work for the Kittens will be George Mosio, brother of Jim Mosio, of the Kansas City Blues. The outstanding catcher in the State of Washington, Mosio's performance here will be closely watched by Victoria ball fans.

GOOD INFIELD
Ocky Theander, smart first-sacker, will hold down the initial bag for the visitors, with Bernie Morrison on the keystone cushion. Bobby Hildebrand, rated as one of the sweetest infielders developed in Tacoma, will hold down the shortstop position. Frank Vincent will look after the hot corner.

Hilene Hademan, Cecil Erb and Andy Hurney will chase the fly balls in the outer gardens. Hademan is the leading hitter and bats in the clean-up position. Cecil Erb has been seen in action here many times before, while Hurney is the star of the University of Oregon club.

Cecil Beardon, promising rookie is the other hurler on the visitors' line-up and will go to the hillock in the nightcap.

Realizing the tough opposition they will meet at the hands of the Tacoma Kittens, the management of the Victoria Sons of Canada club will strengthen their line-up with two outside players. It is expected that two leading players from the Vancouver Senior League will be brought in for the games.

In the special medal competition held at the Victoria Golf Club recently for the handsome prizes donated by Mrs. H. H. Hyndman, Mrs. Hadley captured "A" class honors with a card of 90-3-77, and Mrs. Shief, field took "B" class with 93-19-76.

The Sheriff's Cross—The cruciform tree stands on the road between Barry and Varredes in the Department of Seine and Marne, France. In 1916, a German shell killed and buried thirty French soldiers here. A fragment of the same shell cut off the top of the tree and balanced it in cruciform shape across the trunk, as if in commemoration of the soldier boys it had struck down. This curious natural memorial was called to the attention of the French authorities, by whose order wreaths were hung on the tree on All Souls' Day. The tree has blossomed every Spring since and wreaths are now regularly hung on it once a year on the Day of the Dead.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON
A Dead Snake's Bite—Kullian, famous Hindu snake charmer of Benares, was bitten by the severed head of the deadly Krait snake, twenty-four hours after the head was severed. The Krait is never used in snake charming exhibitions because it is too dangerous and deadly. The Government of British India paid a premium for each severed head of the Krait brought to it. Kullian was quite famous as a Krait hunter. After he captured his last specimen, he cut its head off, and was inspecting its fangs on the morrow when, for some reason, the head snapped and Kullian died from its poisonous bite. Dried snake's venom will keep indefinitely and retains its virulence for many years.

Made Great Bid for Midweek Honors

Starting off their regular 1934-35 campaign in the Victoria and District Wednesday Football League by winning the Hayward Cup, Hudson's Bay soccer eleven, pictured above, made a great bid for the midweek championship, only to drop the sudden-death play-off game for the Penday Cup to Spencers by the odd goal in the five. In the Rennie & Taylor Cup final, played Wednesday at the Royal Athletic Park, the green-and-gold-wearers were noosed out 3-2 by the Diamond "S" aggregation after thirty minutes of overtime play. Those in the picture are: Back row, left to right, W. Conway, linesman; C. McAdam, H. Sage, W. Williamson, J. Baxter, T. O'Connell, G. Wyatt and R. "Dick" Eaton, manager. Front row, left to right, C. Richards, L. R. "Tubby" Stevens, J. Oakman, captain; J. Okel, D. Fish and W. Stewart.

Robert Rankine Wins Road Race In Close Finish

NORWICH, Conn., May 30 (AP).—Robert S. Rankine, Preston, Ont., won the United States A.A.U. fifteen-kilometer championship run here today after a brilliant home-stretch duel. His time for the distance was 49 minutes 31.2-5 seconds, seven seconds better than Paul Mundy, of Philadelphia, defending champion, who was second.

The Canadian withstood a nerve-ringing final lap challenge from Mundy, Eino Pentti, of New York; Lou Gregory, of the Millrose A.A., and Leslie Pawson, of Pawtucket, R.I., who finished in this order within eleven seconds of Rankine.

They will meet at the hands of the Tacoma Kittens, the management of the Victoria Sons of Canada club will strengthen their line-up with two outside players. It is expected that two leading players from the Vancouver Senior League will be brought in for the games.

PETILLO SPEEDS TO VICTORY AT INDIANAPOLIS

Pacific Coast Italian Smashes Track Record by Averaging 106.240 Miles Per Hour for Grueling Test—Clay Weatherly Killed in Crash—155,000 Spectators in Attendance

By EDWARD J. NEIL
Associated Press Sports Writer
INDIANAPOLIS, Ind., May 30 (AP).—Wild-riding Kelly Pettillo, leaden-footed Los Angeles Italian, riding a cream colored streak of thunder and lightning, today won the fastest 500-mile automobile race ever staged on the Indianapolis Speedway, as death again put its gruesome stamp on the twenty-five-year-old spectacle.

Coming out of the treacherous northwest turn of the two and one-half mile oval only thirty-two and one-half miles after the green flag sent thirty-three little thunder-wagons roaring away in brilliant sunshine before a record-breaking crowd of 155,000, twenty-four-year-old Clay Weatherly, of Cincinnati, lost control of a black racer that already had cost the life of Johnny

chanic, Leo Whitaker, both of Los Angeles, died the same way Hannon did, eight days ago, in a qualifying run smashup.

Pettillo, a driving madman, down to his last penny before his luck finally turned today, hammered over the 500 miles of rough brick—200 laps of a track built to accommodate the ninety-mile-an-hour speeds of twenty-five years ago—in 4:42.27.1 seconds, at a record-shattering average speed of 106.240 miles-an-hour. But for the fact that a sprinkle of rain in the late stages slowed what was left of the field to seventy-five miles an hour for thirty-three miles, he would have slaughtered even further the 104.963-mile average "Wild Bill" Cummings, of Indianapolis, set last year.

Cummings, driving a steady, heavy-race, finished thirty miles back of Pettillo, and three miles behind Wilbur Shaw, who stayed with the pace all the way. Shaw's time was 4:43.02.73 for an average of 105.990, which also bettered Cummings' former record. Cummings was clocked in 4:46.22.48, an average of 104.758.

All of the first ten, the money winners, had averages better than 100 miles an hour. They were Floyd Roberts, of Los Angeles, fourth; Ralph Hepburn, of Los Angeles, fifth; William Cantlon, of Detroit, sixth; Chet Gardner, of Long Beach, Calif., seventh; Deacon Litz, of Du Bois, Pa., eighth; George Mackenzie, of Eddington, Pa., ninth; and Chet Miller, of Detroit, tenth.

Pettillo's victory brought him \$20,000 for first prize and a total of

probably \$33,000 all told with \$2,500 in lap prizes and thousands more for accessories.

At Garden, Los Angeles, and his mechanic, Frank Howard, miraculously escaped death a few seconds after Weatherly was killed when his car crashed on the same turn. Gordon's car shot to the top of the track and hung there.

During the excitement, Forest Whitlock, Jr., Detroit, was hit over the head by a guard and rushed to the field hospital. His injury was reported not serious. Whitlock was attempting to climb over the fence surrounding the track and go to the spot where the two accidents occurred when the guard clubbed him.

HELMET SAVES LIFE
Gordon's life was probably saved by his head helmet, which all drivers and their mechanics were required to wear. The helmet, made of a combination of light metals and wood, was broken into bits. Gordon said the turn where the accidents occurred was covered with leading motor oil, causing it to become slippery and treacherous. Howard, Gordon's mechanic, living in Los Angeles, sustained a cut hand, but otherwise escaped serious injury.

YOUNG FRENCH TENNIS STAR SHOWS CLASS

Marcel Bernard Eliminates Italy's Best—Perry and Crawford Advance

PARIS, May 30 (AP).—Marcel Bernard, best of France's younger tennis generation, smashed his way into the quarter-finals of the French hard court championship today, and perhaps won himself a singles berth on the tricolor's Davis Cup team. The twenty-one-year-old from Lille overpowered Italy's ambidextrous No. 1, Giorgio de Stefani, with a brilliant attack.

England, with Fred Perry and H. "Bunny" Austin, and Australia, with Jack Crawford and Vivian McGrath, also placed two men each in the quarter-finals. The remaining two berths went to Gottfried von Cramm, of Germany, the defending champion, and Roderich Menzel, of Czechoslovakia.

Andre Merin found his campaign abruptly checked by Austin. The British stylist, playing at top form, won the first nine games in succession and the match at 6-0, 6-1, 6-4, 4-6, 6-0, 7-5.

Perry and Crawford likewise won in straight sets, the English ace eliminating Don Turnbull, of Australia, 6-3, 6-3, 6-3, while Crawford was disposing of Josef Caska, of Czechoslovakia, 6-3, 9-7, 6-1. Bousus dropped the first two sets of his match with Harry Hopman, of Australia, but rallied briskly to win, 2-6, 5-7, 6-1, 6-2, 6-0. McGrath won from Martin Legay, of France, 6-1, 4-6, 6-0, 7-5.

Quarter-final pairings will send Perry against Bousus; Austin against Menzel; McGrath against Von Cramm, and Bernard against Crawford.

INTEREST

At first thought, there would seem to be any connection between a man getting interest on his mortgage and a person having an interest in art.

Fundamentally, however, the word interest in both instances is not only the same etymologically, but by logical development of meaning has acquired apparently diverse significance.

The English word interest is rooted in the Latin interesse. In its slipping,

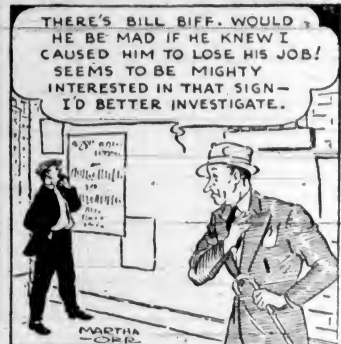

commonly accepted sense, it connotes a concern or engagement of our attention.

Thus interest may be in behalf of a person in which case it may become an emotion.

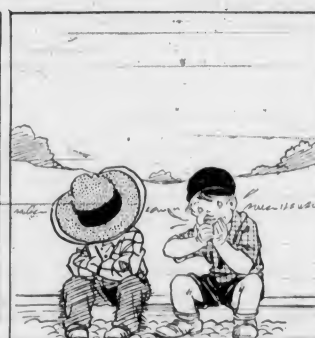

Interest may be in behalf of a thing or enterprise, participation in which involves responsibility, with possibly a share in the profits.

It is this last branch of the tree from which there evolved the idea of interest as a return on capital, or, to be technical, a premium paid for the use of money.

A Danish expert who has seen them all calls the Swedes and Italians the world's most ruthless mortgagees. Little by little the old

ENO PEP UP THE WHOLE SYSTEM

People who are half-well, half-sick, most of the time only exist. To really live you must be well. And to be well you should take steps at once to rid yourself of constipation, which causes most human ailments.

Drastic purgatives and harsh mineral salts aggravate the condition. Eno's "Fruit Salt" regulates gently, effectively—normally. It tastes good and forms no habits.

If you want to feel like a million, take a dash of Eno's "Fruit Salt" in a glass of water, morning and night, for a few days. No griping, no nausea. Eno's refreshes, sweetens the stomach. There isn't an atom of harshness or harm in a carload. Handy size, 50 cents. Household size, 85 cents. Phone the druggist now.

The Daily Colonist Amateur Snapshot Competition

New York Day by Day

By O. O. McINTYRE

NEW YORK, May 31.—Thoughts while strolling: That spooky opalescent light that often suddenly veils New York. Arthur Hopkins suggests the rosy-cheeked Dutch burgher. Add names that come up like a hiccup: Bettina Hall, Hal Hyde, the photographer, has the glide of an Indian.

Look alike: Walt Disney and Osgood Perkins. Nobody ever sees Lillian Lorraine any more. And Mary Eaton—what of her? Wherever you see Jack Benny you see Mary Livingston. It's the redhead's day in the chorus. Stanley Walker bucking a big cigar. As big as George Jessel's.

Radio City is becoming the centre for ocean travel. Add lonely jobs: The night watch at the Morgan Library. A trio of handsome artists: Flagg, McClelland Barclay and Russell Patterson. Everybody turns when Albert Payson Terhune walks by, the big stiff. And that goes for Oia Skinner.

John Farrar always looks as though he had just won a foot race. Swell name for a publicity lady—Ann Ayres. Em of the radio's Clara, Lu 'n' Em has a stone deaf dog, too. Babe Ruth should be a runner-up for Jack Dempsey as a restaurant glad handler.

Harry Evans is going to grow up to look like W. J. Bryan. And he's a crack story teller, too. That real name someone sent from Dayton, O., has me yodelling all over the lot—Shahady Haleale. Three new flea circuses. And there's Charlie Driscoll's yarn about the two fleas saving up to buy a dog.

Hollywood smiles at the capitulation of New York's most conspicuous literary hold-out. George S. Kaufman, whose jeans for the cinema folk was the theme of his most auspicious play, "Once in a Lifetime," has sold himself down the river for five years with the proviso he may come to New York when a stage play calls and will not have to punch a studio clock. He never visited Hollywood until recently.

She walked through the expansive tea room of Theresa Worthington Grant on Park Avenue holding aloft a sun parasol of flaming red, had her dinner and walked out again in the same fashion. "That's her way of showing she is a Communist," a waiter explained.

One of the monthly magazines is in the midst of an editorial experiment that will cheer struggling writers who believe only established names sell material. The publication is buying all stuff blind. When the manuscripts arrive, stickers are pasted over the names of the authors on the title page and then the manuscripts are sent around to the readers. Thus everything is bought on "merit."

Probably no professional life is so precisely timed as that of Lowell Thomas. He keeps a dozen bulbs in the air during every waking hour and is noted for his promptness. His offices are in one of the Rockefeller Centre buildings, high up in the clouds. I happened in his office the other evening around the time of his evening broadcast. He was talking into a dictating machine when a secretary popped in with a signal. She then, I learned, dashes out and rings for an elevator and manages to hold it until he arrives. Another value of this timing is he can wait until the last second for hot news before going on the air.

Those who visited the circus on a certain night during its stay several weeks ago were surprised to see a long familiar figure standing in the entrance to the ring. It was John Ringling himself, who, with his nurse, paid his single visit to the institution he built up largely to its present great size. Ringling's circus world—the only world he knew and loved—fell away from him at a time when his health also cracked up. He is up and about now and fairly active. Whether he will get back in control again is a matter for the courts. To circus folk he is "Mr. Jaw," and there was a rever-

ence about the shy greetings of performers who came up to welcome him for his brief stay.

I've been to a half dozen birthday parties lately. Around thirty-five everybody should begin to feel special birthday talk. At forty it should never be mentioned. But by avoiding the subject, there are always reminders. On my last birthday Bob Brinkerhoff helped a lot with this telegram: "It must be swell to reach eighty and not look a day more than thirty."
